Inaugurated by the President of the Republic of Indonesia, Dr. H. Susilo Bambang Yudhoyono, on January 27, 2009;

The State Islamic University was established by the Decree of the President of the Republic of Indonesia No.50/2004 dated June 21, 2004;

The decree issued following Joint Decree (SKB) Minister of National Education and Religious Affairs of the Republic of Indonesia No. 1/0/SKB/2004 and No. ND/BV/I/Hk.00.1/058/04 dated January 23, 2004 concerning the transformation of Islamic State College to State Islamic University of Malang.
VISION:

Vision of the University is to be the leading Islamic university in education and teaching, research, and community service to produce graduates who have a deep spiritual, moral nobility, breadth of knowledge, and professional maturity, and a center of science, technology, and art that having Islam as well be driving the progress of society.

MISSION:

1. Delivering the student has a depth of spiritual, moral nobility, breadth of knowledge, and professional maturity;
2. Providing service and tribute to diggers science, especially science and technology as well as having Islamic art;
3. Developing science, technology, and the arts through assessments and scientific research;
4. Uphold, practice, and provide exemplary in life on the basis of Islamic values and culture of the noble nation of Indonesia.
Owns distinctive characteristics in its structure of science to be developed knowledge that is to integrate scientific knowledge with Islam.

Therefore, in its implementation, UIN of Maulana Malik Ibrahim, Malang combines university traditions and traditional Islamic boarding school or “ma’had” (known as “pesantren”).
OBJECTIVE:

1. Preparing students to become members of society who have the academic ability and/or professionals who can apply, develop, and/or creating science and technology and art and culture having Islamic.

2. Develop and disseminate science and technology and art and culture having Islamic, and seek to improve their usage and enrich the cultural life of communities nation wide and enrich the national culture.
SCIENTIFIC PARADIGM:

Building scientific structure of the State Islamic University of Maulana Malik Ibrahim Malang was based on universality of the teachings of Islam.

The metaphor used is a strong tree, branching shady, lush leafy and fruitful because it is supported by a strong root.

Strong roots not only help support the tree roots, but also absorb the content of extract of land for tree growth and development.
Scientific Paradigm of State Islamic University (UIN) of Maulana Malik Ibrahim, Malang:

The root of the tree describes the university scholarly foundation:
(1) Arabic and English,
(2) Philosophy,
(3) Natural Sciences,
(4) Social Sciences, and
(5) Pancasila and Citizenship Education.
Mastery of this scholarly foundation be authorized for students to understand all aspects of Islamic scholarship, which is described as a stump that became self-identity of students of this university, namely:
(1) Al-Quran and as-Sunnah,
(2) Sirah Nabawiyah,
(3) Islamic Thought, and
(4) Insight Islamic Society.
Branches and twigs representing the fields of science this university is constantly growing and evolving, namely:
(1) Tarbiyah,
(2) Sharia,
(3) Humanities and Culture,
(4) Psychology,
(5) Economics, and
(6) Science and Technology.

Pictures before and after implementation of Phase I
Focused on nine (9) main programs:

1. Stabilization of Integration of Islam and Science Program;
2. Optimizing the role of Ma’had;
3. Stabilization of Bilingual Program (Arabic and English);
4. Increased quantity and quality of human resources and student;
5. Internationalization of University;
6. IT Based Management;
7. Revitalizing the Role of Social and Religious Universities through LP2M;
8. Institutional Development;
9. Extracting funding sources
Focused on two main objectives:

1. **Institutional Development:**
   Establishment of the Faculty of Medical, Faculty of Dentistry, and Faculty of Engineering.

2. **Strengthening Academic (Academic Establishment).**
   In accordance with the direction of the long-term development (international recognition and reputation), including the strengthening of academic affairs, ICT, research and community service, library, student affairs, and resources man to get to the World Class University (WCU).
Justification of UIN Malang phase II project are as follows:

1. Respond new status as an Islamic State University acquired since June 21, 2004, the entire academic community more motivated to realize the magnitude obsession make this campus as a Center of Excellence and Center of Islamic Civilization, which is based on four power; spiritual depth, breadth of knowledge, moral grandeur, and professional maturity reaching a human being "Ulul Albab".

2. One of the strong form of motivation is reflected in his efforts to prepare a Strategic Plan (Strategic Plan) Development of the State Islamic University Maulana Malik Ibrahim Malang 25 Years of the Future (2005-2030) which makes UIN Maulana Malik Ibrahim Ibrahim Malang as University Islam in Indonesia is known at international level became Wold Class University.
